

Data Sheet
AX-20
Automation Component

Technical Data:

Forming force (cam disc & drive dependent):	20 kN
Stroke (dependent on cam):	max. 25mm
drive	Servomotor
Number of strokes at 10mm stroke max.	600/min
Price without drive & central lubrication	See below

Variants:

	1	2	3
	If required, special version		
		3100: C-frame	3300: C-frame with side wall
Tischabmessung:		Width 196mm x Depth 140	Width 166mm x Depth 150
Werkzeughöhe (abhängig von der Befestigungsart)		max.200	max.200
Gewicht:		Approx.50kg	Approx.72kg
Preis:	Upon request	17.000€	20.500€

Options:

- Drive with servo motor from various manufacturers
- Cam disks with different strokes and motion profiles
- Press force monitoring
