Data Sheet

AX-20

Automation Component

Technical Data:

Forming force (cam disc & drive dependent):	20 kN
Stroke (dependent on cam):	max. 25mm
drive	Servomotor
Number of strokes at 10mm stroke max.	600/min
Price without drive & central lubrication	Price on request

Variants:	1	2	3
			
	3000: Basic module	3100: C-frame	3300: C-frame with side wall
Tischabmessung:	-	Width 196mm x Depth 140	Width 166mm x Depth 150
Werkzeughöhe (abhängig von der Befestigungsart)	-	max.200	max.200
Gewicht:	Approx.20kg	Approx.50kg	Approx.72kg

Options:

- Drive with servo motor from various manufacturers
- Cam disks with different strokes and motion profiles
- Press force monitoring
